WARNING

This document contains information affecting the national security of the United States within the meaning of the espionage laws U. S. Code Title 18, Sections 793 and 794. The law prohibits its transmission or the revelation of its contents in any manner to an unauthorized person, as well as its use in any manner prejudicial to the safety or interest of the United States or for the benefit of any foreign government to the detriment of the United States. It is to be seen only by personnel especially indoctrinated and authorized to receive information in the designated control channels. Its security must be maintained in accordance with regulations pertaining to TALENT-KEYHOLE Control System.

NATIONAL PHOTOGRAPHIC INTERPRETATION CENTER

SUBJECT

Kokchetav - Akmolinsk Portion of a Soviet North - South Microwave Relay Link

A 145-nautical mile (nm) segment of a north - south microwave relay link between Kokchetav and Akmolinsk, USSR, has been identified on Mission

[REDACTED]

25X1D

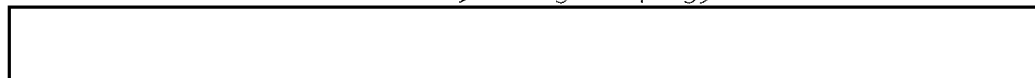

The identified portion of this link includes 4 facilities which are designated 1 through 4 on Figure 1 and in the listing below. Photography of facilities 1 and 4 are included on Figure 1 as representative of all 4 facilities.

1. 1 nm Northeast of Aleksandrovka at 53-06-10N 069-52-30E

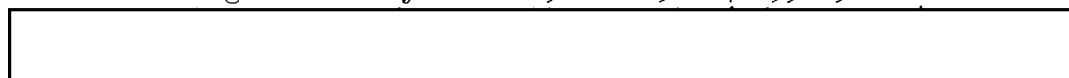

25X1D

2. 1 nm South of Danilovka at 52-22-30N 070-39-00E

25X1D

3. Northwest edge of Alekeyevka at 52-00-45N 070-55-45E

25X1D

4. 7 nm Northwest of Yelizavetinka at 51-33-20N 071-05-00E

25X1D

Each facility consists of a microwave tower and a control building. Small-scale photography precludes identification of the size, type, and orientation of the microwave elements.
